

## **CELEBRATING ART 2020 ARTIST GUIDELINES FOR SUBMISSION**

Thank you for your interest in participating in Celebrating ART 2020. Our event will be held October 21-24 with our Arty Party Preview Celebration on the night prior to opening on October 20. All participating artists receive one complimentary ticket to the Arty Party, but must reserve their ticket by October 10.

Prior to submitting an artist application, please review the following guidelines for submission:

- Artists selected will be notified via email during the summer. Celebrating ART representatives will work with selected artists on the number and sizes of works for final exhibition, as well as additional artist information.
  - For your reference, there are approximately 50-75 artists selected each year.
- Recommended work size is 48x48 inches or smaller. If you have work outside of this range, please speak with our liaison about this accommodation.
  - Due to space constraints, artists will only be allowed to submit a few extra large pieces of artwork.
  - We reserve the right to limit the number of pieces an artist submits and the works submitted.
- All artwork must be two-dimensional.
- Artists receive 50 percent of retail sales for any work sold during Celebrating ART. Prices are set by artists. Payment will be made directly to the artist within 3-4 weeks of the closing of the exhibition.
  - For your reference, the average sale price range is \$500-\$1,500.
  - There are works which sell below and above this range, but this seems to be the average sale range.
- Artists will be responsible for entering their inventory into our computer system by the deadline communicated by our artist liaisons prior to delivering artwork.
- It is the artist responsibility to deliver and pick up artwork at the designated times/dates:
  - Delivery: October 17-18
  - Pick up: October 25
